IN EVANCE, CRINCIAME.

IN EVANCE, CRINCIAME.

IN EVANCE, CRINCIAME.

IN EVANCE, CRINCIAME IS, the CRINCIAME Waigh is composed of steels and springs. Bitris which are flounced and outlied to support the pastlers have taken their place. As local assends an apportis needed we cannot see the windom of giving up the holops skirs, substituting scenetifing in its place which will be heavier and more disagreeable, while it will not be as directive. NAW OF ALL IN THE AMERICAN AMONG THE NOVELLE IS AN INFORMATION.

Among the novelties is an imported polonales of dark office brown camels' hair cloth. The Iront, which is halt tight fitting, is trimmed by bands of velvet ribbon, arranged in clusters of three a velvet button is upon such edge of the ribbon, with a control one, which steems the garment. The areas is looped with relyest bown, and which fall over the arms, forming what appear like exceeding deep sleaves.

A SACRAMENTO telegraph office is ridding itself of loafers. The Bee says: "A box running the fail length of the front of the office on the outside has herestofore furnished: a tempting seat for the Abbitses. This has been corrected with since which has been connected with the batteries that were contained in the box. A person shiring upon the box without touching his hands, thereto: will not feel the electricity, but if his hands froy on the box, or he puts them thereon to assist him is rising, he receives such a widden and astonishing shock as sends him an unbelierable number of feet towards the lofty road and the adjacent river. Any good day a persou may see some of these unfortunates unexpectedly struck with this donesticated lightning, describing a fity-feet parabola in the adv."

The PUBLIC DEST OF BETTIER INDIA.—
The usual account laid before Parliament shows the liabilities of the revenous of India to be as follows: In India, on the 30th of September, 1871, £28,873.810, whereof £10,874, 977 comes under the head of "deponits and miscellansous," the bu k of it not bearing interest, and nearly five millions more are "service funds," in England, on the Sist of Pecember, 1871, £43, 271, 183, including nearly four millions of capital of guaranteed complaties remaining in the home travalvy. The shows in exclusive of the charge of 10% per cent, per anium of Exal India Company, redsemable by Fartiament on payment of twelve millions.

THE LOUISIANA SUGAN CROF. -The Ne Tim Louisiawa Stoaa Coor.—The New Orleans Picayuse, has unfavorable itelligence respecting the prospects for the next sugar crop. Toe seet came in some parts of the augur region is bad, and in consequence some planters, who lutended seeding two hundred acree, have stopped at forty. Much esed on the west side of Bayou Techo has been deatroyed. Many of the planters feel much dabbarctend at the prospects. The season has been unfavorable for planters. Some planters have not yet jut jin a stock of ease, and have hardly made up their unieds what to do the conling cassoo. The next crop of seed case must be extremely whort.
